

Happy New Year from the PNC Team!

Our President's Message

As we welcome a new year and a new decade, I want to take this opportunity to restate our commitment to our residents. Over the past year, we have been working diligently to rebuild your trust, by doing some “big things”, such as adopting the “Hunt Standard” for resident-initiated service requests and rolling out a mobile application for residents to submit and track work orders in real-time.

But we have also done the “little things,” in comparison – those actions that receive less attention, but can impact our residents’ lives. One example is our “Hunt Heart” program. This program is designed to address the needs of our new residents, deployed spouses, recently returned spouses, those suffering a family crisis, and those who may be in need of information about or access to social services through military or civilian sources. For example, we provide extra maintenance assistance to deployed spouses when requested, such as removing a Christmas tree, mowing a lawn, or hanging a picture.

While we are proud of the significant progress we have made over the past year, our work is far from done. We hope that you are already seeing the benefits of the changes we have made and we look forward to continuing to hear from you on things we can still improve.

Best,

 John Ehle, President
 Hunt Military Communities

**Looking forward to 2020 with
 Excitement and Optimism**

We are excited for the new year and the ability to provide 5-star service to our families with new processes and new people.

Thank you to all of our residents who took the time to complete the CEL and attend town hall meetings in 2019. We have heard you and are excited to keep listening in 2020.

We have made many significant and exciting changes here at Pacific Northwest Communities that we believe will have a great impact on the community. These changes include but are not limited to the addition of new quality assurance processes, new tools like Rent Café, and the addition of a number of new positions onsite that combined will improve communication, prevent issues and quicken the response when issues do arise.

One of our best assets are our team members who strive every day to provide 5-star service. We are excited to introduce you to some of the new team members at PNC in a profile on the next page.

EMPLOYEE SPOTLIGHTS

Community Director-Katie Calhoun

While Katie Calhoun is not new to PNC she was recently promoted from Community Manager of the Bangor Creek neighborhood to Community Director for NBK Bangor.
