

COMMUNITY DIRECTOR UPDATE

May 1, 2024

COMMUNITY NEWS

Here are a few items to remember from our Community Handbook

- Window A/C units are not permitted on the property without proper documentation.
- Small kiddie pools are permitted on the property but must be dumped out after every use and stored in a location where they will not collect water.
- Pets' waste must be picked up immediately after each occurrence.
- All pets must be on a leash when not in your home or fenced yard. Pets must not be tethered/roped/chained while outside. Pets must not be unattended while outside at any time.
- If you see a loose dog, do not approach! Call Animal Control at 911, and let the dispatcher know it is a call for Animal Control, and they will transfer you to their line.

COMMUNITY UPDATES

We are working with Waste Management to change all recycling cans to 96 gallons with no additional charges to residents. Swaps will be completed on normally scheduled pick-up dates after collection has happened. This will take several months due to inventory and delivery from Waste Management. Roof and gutter cleaning are in full swing, be on the lookout for your notice.
