

# COMMUNITY DIRECTOR UPDATE

## MARCH 1, 2026

### **COMMUNITY NEWS**

**Please Help Us Care for Our Community Spaces:** We kindly ask all residents to help us keep our shared amenities enjoyable for everyone. Recently, our new playgrounds and bus stops have experienced some vandalism. Repairing these areas requires resources we would otherwise invest in future improvements and new enhancements for the neighborhood. Thank you for helping us maintain a safe, welcoming, and enjoyable environment for our entire community.

### **The Navy TSS survey is here!** **March 2, 2026 – May 1, 2026.**

Please check your email for the official survey link. This is your opportunity to share detailed feedback about your living experience and help us continue improving our community. **Your voice matters, and we appreciate your time and participation!**

**Even outside of TSS season, your feedback continues to make a difference.** SatisFacts reviews help us understand what you value most: whether it's the work our team does in your home, the resident events you enjoy, or a team member who made your day. You can share your thoughts through Google reviews or SatisFacts surveys at any time.

### **MAINTENANCE TIPS**

**Our Preventive Maintenance and Sprinkler Inspections are in full swing.** Keep an eye out for a notice of entry; they will be on your front door for those of you who enter through your garage. If you have any questions, please reach out to the office.

## RESIDENT REVIEWS ★★★★★

"The technician was very friendly and expertly explained the issue and the steps he took to fix it. If it was possible, I would want that technician on all my work orders. Thanks." **-Cody Blatt**

"Matthew and Edward are absolutely amazing and fast workers! I turned my heating unit on for the first time this winter and realized it was a little sluggish/not really working at all, called in for a filter to see if that might help and they realized quickly that the whole unit just needed to be replaced, they gave me some space heaters which I didn't keep on very long because they kept my house VERY toasty! They were both super fast at installing the new unit and removing the old one! They were also super attentive to making sure I had some source of heat with the space heaters while they worked on getting my new unit in. Couldn't recommend them enough!" **-Shania Hutton**

### LOCAL EVENT: GREGG COLBURN ON HOUSING AND HOMELESSNESS

**Date:** Tuesday, March 10th **Time:** 7:30 PM – 8:30 PM

**Location:** 1300 E Aloha Street, Seattle, WA

Many common myths about homelessness overlook a key reality: people are unhoused largely because our systems have not produced enough affordable housing.

Professor Colburn researches housing and homelessness and co-authored Homelessness is a Housing Problem and Affordable Housing in the United States, examining the factors driving homelessness and solutions to current housing challenges.

If you have already contacted our local Management and Housing office team and are not satisfied with the outcome, or if you have words of praise to share, we encourage you to reach out to our senior management.
