

COMMUNITY DIRECTOR UPDATE AUGUST 1, 2026

COMMUNITY NEWS

As we enjoy the beautiful weather, please be mindful of your speed while driving through our neighborhoods. Many families, children, and pets are outside, and your attention helps keep our community safe for everyone.

Pool Safety Reminder: For the safety of all residents, pools should always be actively supervised while in use. When not in use, please ensure pools are properly emptied or secured to prevent accidents.

PCS Orders and Upcoming Moves: Contact the Housing Office as soon as possible. Our team can help ensure you have the information and documentation needed for a smooth transition. We are also aware that many moving companies are experiencing scheduling challenges, so we strongly encourage residents to begin coordinating their move plans early.

Landscaping and Yard Maintenance: Please ensure that personal items, toys, outdoor furniture, and other belongings are kept clear of front-yard maintenance areas to allow crews to work efficiently and keep our community looking its best.

Thinking about repairing a wall or making a minor fix? Pause before patching and contact the Housing Office first. Our team can provide guidance on authorized repairs and may be able to assist.

Need a hand keeping up with backyard mowing and lawn care? Don't forget that our **Self-Help Program** offers lawn care equipment and resources to help residents maintain their yards.

We are now more than halfway through our 2026 Preventive Maintenance Inspections. Thank you to all residents for your cooperation and flexibility as we work through this important annual requirement.
